THE LABOUCHERE BROIL

THE QUEEN WOULD NOT HAVE HIM IN THE MINISTRY.

The Editor of Truth Was Asked To Write a Letter To Gladstone Saying That He Would Not Accept Office, But He Refused—He Can Now Be Baron Taunton If He Wishes.

LONDON, Aug. 24.—Gen. Ponsonby, the Queen's Private Secretary, in conveying to Mr. Gladstone Her Majesty's command to form a ministry, stipulated that Mr. Labouchere should not be selected to fill any post in the Government. Mr. Labouchere was implored to get Gladstone out of the difficulty by writing a letter declaring he would not accept office, as he wished to remain independent. This Mr. Labouchere declined to do. Overtures have since been made to him to accept the title of Baron Taunton.

Rumors of Gladstone's Retirement.

LONDON, Aug. 24.—The Chronicle says: "There is a strange rumor afloat that Mr. Gladstone will retire from office in the spring; also that a Harcourt party and a Rosebery-Spencer party already exist. A Lords party versus a Commons party."

Labby Speaks His Mind.

LONDON, Aug. 24.—Mr. Labouchere had in yesterday's Truth a crisp account of the circumstances of his exclusion from the Government. He says he never thought of seeking office; that he never asked a minister for anything, and that he does not contemplate ever doing so. Mr. Labouchere proceeds to say: "An emissary informed me, presumably a quid pro quo, that Mr. Gladstone would always be glad to consult me on public affairs."

After asking why it should be suggested to him to write a letter renouncing office, he says: "I certainly understood that the Queen had in some way led Mr. Gladstone to arrive at the act that my joining the Government would not please her."

Assuming that the Queen had expressed such a sentiment, Mr. Labouchere says he thinks it is to be regretted that he may not have seen eye to eye with the Queen in all matters; but admits that he always regarded her as strictly constitutional.

His interpretation of the constitution is, he says, that the Queen selects the Premier and leaves him a free hand in the choice of colleagues. He (Labouchere) might or might not have accepted office if it had been offered. As the thing is gone, he thanks heaven that, come what may, his head and ears are safe under Queen Victoria. Radical approbation weighs more with him "than that of all the emperors, empresses, kings, queens, lords and lickspittles in the universe, so that the good ship democracy sails prosperously into Joppa." He says: "I care not whether my berth is in the officers' quarters or in the fore-castle."

Continuing, he says that although his friends urged him not to refuse office he liked his independence, and did not like the trammels of office.

With reference to the Queen's prejudice he says: "If the matter had been a purely personal one the slightest hint that a lady did not wish me to enjoy the privilege of kissing her hand would have been sufficient, but in this case I think there is something more involved."

Disestablishment in Wales.

LONDON, Aug. 24.—Stuart Rendell, Gladstonian member of the House of Commons for Montgomeryshire, Wales, as chairman of the Welsh party, will introduce in parliament a bill fixing the date after which no vested interest can be created in Welsh dioceses. This measure is a forerunner to a bill disestablishing the Church in Wales.

Mr. Chaplin's Successor.

LONDON, Aug. 24.—Mr. Herbert Colstoun Gardner, M.P. for the Saffron-Walden Division of Essex, has been appointed presi-

THE HOT WAVE IN EUROPE.

A Rainstorm in Austria Gives Temporary Relief.

VIENNA, Aug. 24.—A terrific thunderstorm, preceded by choking clouds of dust, swept over this city yesterday. Although creating consternation while it lasted, the storm had a beneficial effect, as the mercury fell several degrees and the inhabitants of the city, especially those in the poorer quarters, who have been the greatest sufferers during the intense heat of the last few days, experienced marked relief.

At Agram, Hungary, during a military evolutionary march, a third of the troops dropped out of the ranks overcome by the heat. Lieut. Volman was found dead by the roadside.

The Plague in Persia.

TEHRAN, Aug. 24.—A despatch from Reshed, in the Province of Chilan, states that every day hundreds of persons are dying there from cholera. Reshed lies 16 miles from Enzellee, its port on the Caspian Sea. The population of the town is about 20,000. A new disease is ravaging Enzellee. It causes purulent swellings on the body and face, and the mortality resulting from it is very heavy. The same disease is causing many deaths at Ardabel, a town of 12,000 inhabitants on the Karah Soo River. Both towns have been isolated.

An Afghan Defeat.

SIMLA, Aug. 24.—Advices from Afghanistan show that another engagement has occurred between the revolting Hazara tribesmen and a force of Afghan troops under command of the Governor of Candahar.

The Amer's army was defeated and it is said they are now in a critical position and suffering from scarcity of food. The tribal levies made by the Amer are not proving very successful, the so-called loyal tribesmen objecting to fighting against the Hazaras.

Cholera Returns.

St. PETERSBURG, Aug. 24.—The official cholera returns show 6806 new cases and 3429 deaths throughout Russia yesterday. Owing to the fact that many places where the disease is prevalent are not connected with the capitals of the provinces by telegraph, it is thought that even official reports are far from giving the true condition of affairs.

Not Satisfactory.

DUBLIN, Aug. 24.—The Independent (Parnellite) says the assurances given yesterday by Mr. Morley, Chief Secretary for Ireland, to the deputation from the Cork County evicted tenants association are not sufficient. Though expressing solicitude for evicted tenants he hesitates to pronounce the order of restoration or restitution.

Offers \$8 Apiece for Human Heads.

TANGIER, Aug. 24.—The negotiations between the Sultan's officials and the leader of the Angheria tribes, looking to the submission of the latter, have been broken off by order of the Sultan. The Sultan has directed that a grand attack be made upon the Angheria and to stimulate his troops he has offered \$4 for every prisoner they secure and \$8 for every head they bring into their camp.

Archbishop Cleary's Views.

LONDON, Aug. 24.—The Most Rev. James V. Cleary, Archbishop of Kingston, Ont., has sent £400 to the McCarthyites. The archbishop writes that his people, who are chiefly Irish, are eagerly looking forward to the time when they can send delegates to Dublin to take part in the inauguration of the Irish Parliament. He himself and others will be most happy to assist at the inauguration of parliament on College Green.

Pensioned.

LONDON, Aug. 24.—A pension of £2000 yearly has been conferred on Lord George Hamilton, who was First Lord of the Admiralty in Lord Salisbury's Cabinet.

Export of Rye Prohibited.

NEWS FROM THE COUNTRY

Centreville.

The ladies of Centreville will hold a lawn social at the home of Mr. M. Shannon, on Wednesday the 31st inst. at 7 o'clock p.m. A good programme is promised, with an elegant repast. The public cordially invited. Admission only 15 cents. In aid of church purposes.

Enterprise.

Mr. C. D. Wagar and wife have gone to 1,000 Island Park for a few days.

The Methodist church is advancing towards completion very rapidly and will look fine when completed. Mr. V. Kouber, marble cutter, donated a very fine date stone, which adds very much to the appearance of the church.

A lawn social will be given at Mr. J. D. Dafee's on Friday evening Sept. 2nd. A good programme is being prepared, also a sumptuous repast. We anticipate a large turnout as it is in aid of the new church.

Newburgh.

Business quiet in the village.

Farmers are complaining about the dry weather, root crop they say is not going to be much unless rain comes at once.

Messrs. Madden and Percy have opened up business in their store house and are shipping grain and hay.

The paper mill open up business next week. The mill has been put under thorough repairs for the past month, and is in first-class shape for work now.

Miss Emma Shorey is visiting friends in Odessa this week.

Miss Pearl Glenn is visiting friends in North Fredericksburg.

Mrs. A. C. Clarke, of Napanee, has returned home after a week's visit with relatives here.

Miss Ethel Aylsworth, of Tamworth is the guest of Mr. J. B. Aylsworth this week.

Yarker

John Emberly fell head first from a load of grain standing on the barn floor and cut his head. He got a rough shaking up. Parties effected an entrance into Charles Phillips' cellar and helped themselves to free drinks for the crowd. Farmers had an extra busy week last week, and most all the grain has been harvested in good shape. Crops are good on the average. The inside of the Methodist church, when lit up for service, looks real near since the overhauling it. The new lamps throw a grand light, so that all can see reading very plain. C. D. Wartman has been selected to represent Yarker at the coming financial business meeting to be held in Napanee.

Workmen have arrived from Galt to place in the roller mills here, new bolting cloths to increase the capacity and to improve the quality of the flour. Miss Nettie Cheevers is home again. She has been visiting in Buffalo and New York city. She left Buffalo last Friday, when all was commotion around the station, owing to the presence of soldiers and strikers. Arriving at the point where baggage is examined it was found that only one trunk was on the train. Passengers had to home without their baggage.

Workmen are overhauling the residence of Alfred McArthur. Babcock Bros. still continue to ship large quantities of chairs. B. Babcock has invented a new and improved basket, which he intends having patented at once.

Threshers report the grain as turning out not as heavy this year as last; plenty of it though. Potatoes are small. In driving along the road, between Yarker and Odessa, we notice Canada thistles are a good crop. Pathmasters should be forced to cut them down. Wm. Skinner moves into his residence purchased from A. Scott. The blacksmith shop will be moved also. Abel Scott has rented the brick building of Wm. Barton and will move there.

A BRIDGE COLLAPSES.

Twenty-Nine Persons Injured in a Railway Wreck in France.

PARIS, Aug. 24.—Further particulars regarding the railway accident on the bridge over the River Orb, between Beziers and Casenon, show that it was due to the negligence of the railway company in not having the bridge properly inspected. It is now clear that the accident was due to the rotten condition of the sleepers, which were unable to support the weight of the train. When the decayed sleepers gave way the engine ran for a short distance and then turned on its side. The carriages piled upon each other and made a mass of wreckage from which it was impossible for the passengers to escape unaided.

The scene was a dreadful one, the cries and groans of the injured being heartrending. As soon as help arrived the work of clearing away the wreckage was proceeded with as rapidly as possible. The removal of the dead and injured was accomplished with great difficulty. Five bodies were taken from the wrecked cars, and 20 persons were found to be severely injured.

THE INVASION OF THE PAMIR.

The Amerer Calls Upon the British for Assistance.

SIMLA, Aug. 24.—The Amerer of Afghanistan is so busy endeavoring to suppress the revolt among the Hazaras that he has no time to defend the territory in the Pamirs against the Russians. Hearing that they will seize upon part of the Pamir region that belongs to Afghanistan, the Amerer has asked the Government of India to intervene to prevent Russian aggression in the Pamir country. It is believed here that the Russians mean to seize upon the Pamirs, and that the movement to take possession of the country will be timed with reference to political factors both in Central Asia and Western Europe.

Blew His Brains Out.

LONDON, Aug. 24.—A youth named West, 18 years of age, residing in Kensington, wanted on a charge of robbery, fled to the roof of the house. His father and two pursuers followed him. Young West saw them coming and drawing a revolver he fired at them, but the bullets embedded themselves in the roof.

The three men had just reached the roof when young West turned his weapon against himself and blew his brains out.

EXECUTORS SALE OF LANDS.

The executor of the late S. Shibley desiring at once to close up the business of the estate now offers for sale the following valuable property: 1,500 acres in the vicinity of Bell Rock, Townships of Foxfield, 1,000 acres of which are excellent farming and pasture lands, fine barns and good dwellings on most of them; The remaining 500 acres are swampy lands and well timbered. Also about 800 acres in the vicinity of Vernon and Pileville comprising farms and good build. Also about 1,200 acres in the townships of Loughborough, Storrington, Kennebec, Olden, Clarendon and Miller, valuable for timber, pasture and minerals, many of them having been held by the late Mr. Shibley for their prospective value. Also, the well known home-stead, most desirably situated on the Portland road, about two miles from Hallowell, and twelve miles from Kingston. This farm contains 263 acres and may be sold in two parcels if required. Parcel No. 1, on east side of Portland road, contains 100 acres on which is a fine commodious family residence, barns, driving barn, stables, splendid orchard, etc. Parcel No. 2, on west side of Portland road contains 163 acres on which there are stables and barns and a stone house as can be found in the country. Also a fine large orchard. Both these parcels of land are well adapted for farming and gardening purposes and very convenient to the city of Kingston, one of the best markets for all kinds of produce in Ontario. Also lots 11 to 17 inclusive on Nelson street, Kingston. The executor is prepared to receive offers for these properties, as they will be disposed of at prices in keeping with the times and on terms so liberal as to afford further information, etc., apply to J. A. SARGENT, Esq., Yorkville, to A. L. KNIGHT, Esq., or to JAMES DALY, Executor, Napanee.

The Suicide Was Insane.

LONDON, Aug. 24.—An inquest was held on the body of Colonel Henry Prince, an American, aged 82 years, who committed suicide at Morley's hotel on Friday last by shooting himself with a revolver. A number of witnesses testified that Colonel Prince had been depressed for a long time.

He left a letter addressed to his friends saying that his life had been ruined and now the burden was overwhelming him with weakness and pain to an intolerable degree. The letter concluded by saying that as his physician could not cure him he should have removed him with drugs. The jury returned a verdict that the deceased came to his death from a bullet wound inflicted by himself while temporarily insane.

Manitoba's Great Harvest.

WINNIPEG, Aug. 24.—Glorious sunshine and a balmy atmosphere are making Manitobans smile. Finer harvest weather never favored this great wheat-raising country. From correspondents' reports and from local grain merchants it is learned that binders are at work in every section of the province, and thousands of acres of the finest grain ever grown in the country are falling before the harvest reapers. If the favorable conditions continue until the end of the week a large percentage of the crop will be cut. On Carberry Plain, which has been favored this year with a bountiful crop, half the crop is in shock. Similar reports have been received from other sections.

Wrecks at St. Pierre.

ST. PIERRE, Miq., Aug. 24.—A hurricane from the northeast passed over yesterday morning accompanied by heavy rain. The French brigantine Hesperian broke from her anchorage in the roadstead and was driven ashore at the entrance to the harbor. The schooners Van and Fernand were driven to sea. Their crews got safely to shore. A lot of damage was done to shipping in the roadstead by collision. No lives were lost.

Fredericksburgh.

With favorable weather harvesting will be finished by the end of the present week. All hay and grain crops in the immediate vicinity may be said to have been good, with very few exceptions. The potato crop will be far below the average and it is not at all probable that anything like last year's prices will be repeated this season. Apples will be very plentiful but of poorer quality.

The harvest dinner given by the Methodists of Morven Circuit, Wednesday last, in James Fraser's grove was eminently successful. A very excellent dinner was served by the ladies to which it may be added, ample justice was done by the crowd which thronged the woods. So well satisfied were they that the majority remained for tea. Addresses were given by Revs. J. J. Rae and S. J. Shorey, Napanee, and the pastor, Rev. J. L. McMullen. The proceeds are to be used for making necessary repairs on the respective churches. The receipts for the day were \$125.

OBEYING MILITARY ORDERS.

The Soldier Who Executed a Command to Destroy His Own House.

The story is told in a French newspaper of Pierre Barlat, a poor laborer, who lived near Paris with his wife Jeanne and their three children. Industrious, frugal, knowing nothing of the way to the wine shop, Pierre saved all his spare money, working harder and harder, and at last bought the tiny cottage in which they lived. It was a tiny cottage indeed—built of stones, with tiled roof, standing amid shrubs and covered with clematis. It always attracted the eye of the traveller, on the left, as he crossed the Sevres bridges.

Pierre and Jeanne worked and scraped and saved until the little cottage was paid for, and made a feast when it was all done to celebrate their ownership. A landed proprietor, to be sure, does not mind an occasional expenditure to entertain his friends.

All this Pierre and Jeanne had accomplished just before the war of 1870, with Germany, broke out. The conscription fell upon Pierre, who, moreover, was an old soldier and belonged to the reserves. A gunner he had been, famous for his skill in hitting a mark with a shell.

Sevres had fallen into the hands of the Germans, but the French guns were pounding away at them from the fort on Mont Valerien. Pierre Barlat was a gunner at that post, and, one wintry day, was standing by his gun, when Gen. Noel, the commander, came up and levelled his field glass at the Sevres bridge.

"Gunner," he said sharply, without looking at Pierre.

"General," answered Pierre, respectfully saluting.

"Do you see the Sevres bridge over there?"

"I see it very well, sir."

"And that little cottage there, at the left, in a thicket of shrubs?"

Pierre turned pale.

"I see it, sir."

"It's a nest of Prussians. Try it with a shell my man."

Pierre turned paler still, and in spite of the cold wind, that made the officers shiver in their great coats, one might have seen big drops of sweat standing on his forehead; but nobody noticed the gunner's emotion.

He sighted his piece carefully, deliberately; then fired.

The officers, with their glasses, marked the effect of the shot after the smoke had cleared.

"Well hit, my man! well hit!" exclaimed the General, looking at Pierre with a smile. "The cottage couldn't have been very solid. It is completely smashed."

He was surprised to see great tears running down the gunner's cheeks.

"What's the matter, man?" the General asked rather roughly.

"Pardon me, General," said Pierre, recovering himself. "It was my house—everything I had in the world!"—Tidbits.

and develop its resources in a thousand ways, and yet if he lacks confidence in the presence and "patriotism" of the Tory leaders or doubts their infallibility he is not a "loyal" man. Only by complying with the conditions before indicated can a Canadian Reformer obtain the right to be called a patriotic citizen of his country. In other words, if he sacrifices his manhood and his conscientious convictions as to what is right and what is wrong; consents to be plundered and deprived of his just earnings for the benefit of the monopolists, subsidy hunters and political parasites, the Tory organs will grant him a certificate of loyalty. Otherwise he must remain an outlaw, with no rights which those "within the pale" are bound to respect. Only by seeking "out-door relief" of some sort from the Dominion treasury can a man prove that he is not an annexationist. The man who is too proud to look for bonuses or for tariff changes which will enable him to rob his neighbors ought to be watched. It will never do to encourage men to rely upon their own industry and enterprise. Men who succeed in that way are liable to lose faith in the National Policy as a means of creating prosperity. The Reformer who will build a railway or run a steamship line without government subsidy is thoroughly disloyal. Reformers must be prepared to shout "No Surrender" whenever demands are made upon the Dominion by the United States government, and to applaud vociferously when the federal ministers funk and give the Yankees all they ask for. They are obliged by the rules of the Tory Koran to offer up special thanksgiving prayers whenever an extra member of the Tupper family is appointed to office, and to be particularly joyful when an English duke is brought across the Atlantic and given a place in the civil service—while their own sons and daughters are compelled to seek employment in the United States. They must likewise go into mourning whenever any unregenerate Grit member of parliament or newspaper makes formal charges of corruption or incompetency against any member of the Abbott administration; the dolorous period to be extended in the event of the charges being proved. Those who suggest that the customs duties now levied upon goods imported from the United Kingdom are excessive are guilty of treason in a special degree; inasmuch as such pretensions are calculated to provoke recriminations between different portions of Her Majesty's empire. How do Reformers like the conditions?—Ottawa Free Press.

Health Department.

A Good Suggestion.—By constipation is an irregular action of the bowels, often called costiveness, and commonly caused by dyspepsia, neglect, excess in eating or drinking, etc. It is a serious complaint and not to be neglected under any circumstances, as it leads to impure blood, headache, debility, fevers, etc. A uniformly successful remedy is Burdock Blood Bitter, which, if faithfully tried, never fails to effect a prompt and lasting cure even in the worst cases. The following extract from a letter from Mr. Jas. M. Carson, Banff, N. W. T. will speak for itself: "I have been troubled with constipation and general debility and was induced to use your B. B. B. through seeing your advertisement. I now take great pleasure in recommending it to all my friends, as it completely cured me."

Galt, a man named Fred Convey, a carpenter, about 30 years of age, was walking along the track, going in the same direction as the train. Either he did not know that the train was behind him in time to get out of the road, or he knew it was coming, but misjudged the distance it was from him, for he was knocked down and run over by the advancing train. His head was completely severed from his body, and the body was literally cut to pieces. The mangled remains were gathered together and brought to the station, whence they were sent to Toronto, and arrived here on Saturday night.

They were conveyed to the house of Mrs. Armstrong, 36 Vaneauy-street, a sister of the deceased. The funeral will take place to-day.

Success of the Sault Route.

OWEN SOUND, Aug. 23.—It is announced on what is considered excellent authority that the North Shore Navigation Company, having experienced remarkable success in the year's traffic on the Sault route, are now fully decided to build a magnificent new steamer during the coming winter, and only matters of detail now remain to be arranged. The steamer will be built by Captain John Simpson, the veteran ship builder. She will be larger than the City of Midland, and will be specially adapted to the passenger and excursion traffic, as her cabins will accommodate over 200 passengers.

—Rebecca Wilkinson, of Brownvalley, Ind., says: "I had been in a distressed condition for three years from nervousness. Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Herma, which done me more good than any other worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. A trial bottle will convince you."

later for similar reasons. It is said, the switchmen in the Buffalo, Rochester and Pittsburgh road went out, adding 15 more to the idle workmen.

Master Workman Sweney is gaining a record for taciturnity not equalled among strike leaders. His own lieutenants are completely in the dark as to what his policy is. One of the members of his executive committee having stated as much to the state board of arbitration Tuesday Messrs. Danovan, Purcell and Robertson attempted to learn from the Grand Master of the switchmen when, or if ever, he was going to order out the switchmen now working in the jurisdiction affected by the strike. Mr. Sweney practically refused to give the arbitrators any information. One member of the board questioned Mr. Sweney very closely, but nothing was elicited to guide the board in its action in ordering the investigation decided Tuesday. Mr. Sweney's conduct in the matter was the subject of much gossip about Fireman's Hall on that account when the news was received there. The men all express implicit confidence in the Grand Master and none had any fault to find with him. When asked if he took courage from the striking of the W.N.Y. and P.A. men yesterday and of the Lackawanna men today Mr. Sweney replied, "Well, not exactly encouraged." It does not alter the situation materially. They knew what the situation was all along, anyway. I didn't order them out," Mr. Sweney continued, "They went out of their own free will. I didn't want them to be blaming me if the strike didn't prove a success."

Joseph Heimerle is recording secretary and treasurer of Buffalo Lodge No. 39, Switchmen's Mutual Aid Association. Heimerle is one of the leaders of the switchmen. When Grand Master Sweney and Master Moriarity are engaged in other affairs Heimerle takes charge and directs the men. The Lehigh Valley Railroad officials sent word to Supt. Morgenstern that Heimerle was interfering with their passenger trains. They were advised to swear out a warrant charging him with assaulting non-union switchmen. This they did. The police were ordered to look for Heimerle. Detectives located Heimerle and arrested him. He was taken to Superintendent Morgenstern's office. Heimerle was asked if he had been assaulting anybody. He replied he had not. Superintendent Morgenstern told Detectives Jordan and Cannon to search him, and they found a 38-calibre revolver in his pocket. "Oh, yes, you are a nice lot of fellows," said Superintendent Morgenstern to Heimerle, "You are conducting a peaceable campaign, ain't you? You favor the withdrawal of the troops, yet you go around armed to the teeth." And the head of the Police Department took seven big bullets out of Heimerle's gun and carefully put them in his desk. Heimerle furnished bail and was released.

Conductors Adverse to Striking.

CHICAGO, Aug. 24.—E. E. Clark of Cedar Rapids, Ia., Grand Master of the Order of Railway Conductors, was there on his way to Buffalo in response to the request of Grand Master Sweney to take part in the proposed conference of the chiefs of the various organizations of railway employees. He said so far as he knew the conductors had no grievance to right, and added, "but what may develop after I have arrived on the scene I cannot predict. Unless our men have grievances to settle we will not go out, as we do not care to express any sympathy in that way. I know nothing of the trouble except what I have learned through the newspapers."

The most deplorable thing in the affair is that acts of violence were resorted to by someone at the start. This has probably been the greatest cause for prolonging the strike, as otherwise it would probably have been amicably settled.

At this point Grand Master Wilkinson of the Order of Railway Trainmen, who came in this morning from Galesburg, Ill., also en route to Buffalo on a mission similar to that of Grand Master Clark, made his appearance. Further than saying he was responding to a summons from Grand Master Sweney he declined to talk. Clark and Wilkinson left for Buffalo at 3 o'clock this afternoon.

Shot By the Military.

BUFFALO, N.Y., Aug. 24.—Three attacks were made by strikers yesterday afternoon on the military pickets and non-union switchmen. An attack made on the pickets lines of the 22nd Regiment of New York, stationed at the Tift Farm by five strikers will probably result fatally to one of them, Thomas J. Manahar. About 5 o'clock Manahar, in company with Thomas O'Loughlin, Bernard Dunn, Patrick Madigan

and William Catter began throwing stones at John McGucken and Charles Gable, non-union men, who were working in the 15th farm yard. Lieut. Austin of Company U ordered the stone-throwers to disperse. They refused to do so and were fired upon by order of Lieut. Austin. Manahar was struck by two bullets. One took effect on the left elbow, while the other passed through the abdomen to the right of the kidneys. Manahar was taken to the hospital. His condition is extremely critical.

The coroner has been notified to be in readiness to take the man's ante-mortem statement should signs of falling occur. Manahar's companions were arrested by the police of the seventh precinct, charged with rioting. The private who did the shooting was also detained by the police, the entire party being taken to the seventh precinct station house. The officer of the company to which the detained private belonged protested against the arrest of his subordinate and demanded his release. At the same time he notified General Doyle of the arrest and General Doyle ordered a company and a battalion if needed to set the soldier at liberty.

A Train On the Reading Wrecked.
READING, Pa., Aug. 24.—After the express on the Pennsylvania railroad, which was due in this city from Philadelphia at 8.30 o'clock last night, had crossed one of the large iron bridges, two miles below Reading, going 40 miles an hour, the engineer saw an obstruction ahead. He was unable to stop the train, and it dashed into four heavy timbers placed across the track. They were 15 feet long, and one man could hardly carry one of them. The rear wheels of the locomotive jumped the rails, and it was nearly 11 o'clock before the passenger train reached Reading. The passengers, numbering about 100, were badly shaken up.

The Blockade Raised.

BUFFALO, Aug. 24.—The day has witnessed a gradual improvement in the condition of these roads first demoralized by the strike. The 140 men who went out Tuesday have crippled the Lackawanna, but they are proceeding vigorously with the work of putting in new men. The Western New York and Pennsylvania, whose men went out yesterday, are badly crippled and the Rochester and Pittsburgh are suffering much inconvenience. The Lehigh and Erie equalled yesterday's traffic, and the Central and West Shore with new business exceeded their movements of yesterday. The Lake Shore handled its business and the Nickel Plate was nearly normal.

THE RETALIATORY TOLLS

U.S. CUSTOMS OFFICERS INSTRUCTED HOW TO IMPOSE THEM.

How the Toll Will Be Imposed and How Collected—The Cabinet at Ottawa Holds a Meeting, But Does Not Discuss President Harrison's Proclamation.

WASHINGTON, Aug. 24.—It will devolve upon the Treasury Department to carry out the provisions of the President's proclamation levying a duty of 20 cents a ton on vessels passing through the St. Mary's Falls Canal in retaliation for the duty imposed by the Canadian Government on vessels passing through the Welland Canal. Anticipating the action of the State Department, the officers of the Treasury Department drew up an order to carry out the terms of the proclamation, and this was issued to the proper customs officers some time during the day.

After reciting the law and the President's proclamation the Secretary directs as follows:

"On the passage through the canal at St. Mary's Falls in your district, from and after the 1st prox., of any vessel with cargo you will exact tolls as provided for above. But no tolls will be charged or collected as regards freight carried to and landed at Ogdensburg or any port west of Ogdensburg and south of a line drawn from the northern boundary of the State of New York through the St. Lawrence River, the great lakes and their connecting channels to the northern boundary of the State of Minnesota.

"The master of every such vessel will be required to furnish a sworn statement substantially in the form of a manifesto showing the date, the name of the vessel, its destination, the name of the master and the number of tons and kind of merchandise carried. If the destination be such as to exempt the vessel from the tolls, you will make entry of the fact in a book with columns exhibiting the particulars specified in the master's statement, and also the amounts chargeable and the amounts paid. On the next arrival of the vessel you will exact the tolls, unless on or before that time and within one month from her passage through the canal, there shall be furnished to you proof of the actual delivery of the cargo at some port or place within the limits of the United States above specified. Such proof will consist of the certificate of the Collector of Customs at the port of destination, showing the entry of the vessel and the landing of the merchandise there.

"Should the prescribed evidence not be furnished within a period of one month after the passage of the canal by the vessel, you will report the facts to the department, to the end that measures may be taken by it for the recovery of the amounts due."

Meeting of the Cabinet.

OTTAWA, Aug. 24.—A meeting of the Cabinet was held at 3 o'clock yesterday. Owing to the fact of its being called together at the present time it will no doubt be said that it is for the purpose of considering the proclamation of President Harrison. One of the ministers said that, while no doubt such a matter would be formally talked over, the council was not called together for any such purpose. It met principally to transact routine business. Hon. Mr. Costigan arrived this morning from Bernard Lake to be present at the meeting.

The members who attended the council meeting were Sir Adolphe Caron, Hon. John Haggart, Hon. J. A. Ouimet, Hon. John Costigan and Hon. Edgar Dewdney. Mr. Ouimet arrives from Montreal to-day to be present. It takes four members of the Cabinet to form a quorum. Sir Adolphe Caron presided.

What the Toll Will Amount to.

OTTAWA, Aug. 24.—It is hard to obtain figures from which to calculate the amount of extra burden which the imposition of 20 cents tax at the "Soo" would entail upon Canadian carriers, but it does not appear that it could go over \$35,000 per annum. This, however, is at best not more than approximately correct, although the statistics of Canada's traffic through the "Soo" Canal indicate these as the outside figures. To compensate the carrying trade for this loss for the balance of this season, even if it reaches proportionately a slightly higher figure, would not entail a very grievous burden upon the resources of the country, and such will probably be done.

Won't Handle Freight.

BUFFALO, N.Y., Aug. 24.—The 15 switchmen of the Buffalo, Rochester & Pittsburgh Road have struck because asked to handle freight from roads that have new switchmen.

Mr. Webb's View.

NEW YORK, Aug. 24.—H. Walter Webb, third vice-president of the New York Central, returned from Buffalo yesterday. He said: "I do not anticipate any spread of the strike, although it is possible that Sweeney may order out the switchmen in the yards at Chicago."

"Do you look for any trouble beyond that caused by the switchmen?"

"No, I do not. The firemen will not go out unless all the other unions do so. Neither the Brotherhood of Locomotive Engineers nor the firemen have ever been concerned in a sympathetic strike, and I have the utmost confidence in their conservatism. I think when Sweeney realizes that the firemen and engineers are not going to stand by him he will order off the strike."

Disturbances At Homestead.

HOMESTEAD, Pa., Aug. 24.—About 12.30 p.m. Nicholas Rattigan, who has a hut in Homestead, attempted to move his effects to a company house near the steel works. About 100 strikers gathered near the house and by jeering and throwing tins, stones, etc., frightened away the people moving and Rattigan was threatened with assault. Fifteen deputy sheriffs were called and succeeded in holding back the crowd. There is much excitement and a company of military is under arms ready to march in case of further trouble.

Failed Because of a Boycott.

PITTSBURGH, Pa., Aug. 24.—The boycott instituted by Homestead strikers against tradesmen who sold to the Carnegie Steel Company has resulted in the failure of Adolph Duerr, one of the principal provision dealers in the borough.

TORONTO TOPICS.

TORONTO, Aug. 24.—W. Edward Kelly, the Simcoe barrister, implicated with John A. Chrysler, the Simcoe schoolmaster, convicted recently of swindling many school teachers by means of an advertisement in The Globe, was not arraigned in the Toronto Police Court as was expected, but the case was postponed until this morning. The delay was occasioned by the fact that another arrest had been made in connection with the case, the third person being a Teesterville hotelkeeper named W. D. Vanderburg, who was brought to the city by Detective Slemin last night.

The latter's arrest was brought about by the confession of Chrysler, who has turned Queen's evidence, and will give testimony against Kelly and Vanderburg at the examination to-day.

Mrs. Little Helton, 21 Widmer-street, held by the police on a charge of insanity. She was a witness in the Meichum larceny case at the Police Court yesterday, and the excitement worked upon her feelings to such an extent that she thought it necessary to take a dose of morphine. The dose was apparently too large, as the woman became very violent. Some friends took her away in a cab, but were unable to control her, so she was brought back to headquarters, where she informed the officers that she would kill herself some day.

Mrs. Elizabeth Sharkey Mo. ris, who on May 26 last was married to William M. Morris of Seaford and left him on Aug. 4, has issued through her lawyer a writ for alimony. In her affidavit she alleges harshness, and says her husband refused her sufficient money to clothe herself.

Carrie Hollingshead, aged 27, a domestic at 112 Lisgar-street, is somewhat of a religious monomaniac. Periodically she imagines herself to be burdened with sins many and grievous. In seeking to atone for them she adopts methods as peculiar as they are painful.

Lately one of these acute spells has been again developing. A few days ago it reached its climax and the poor imaginary sin-burdened woman again had recourse to the carbolic acid bottle. Retiring to her room she saturated her back and hips with the terrible solution. The sense of her guilt was more acute and the application of the acid more liberal than before. But notwithstanding her horrible sufferings she bore them with fortitude for a couple of days, performing her daily duties and whispering to no one of her condition. Nature at last asserted itself and Monday night Carrie collapsed.

Yesterday morning she was taken to the hospital and last night she was reported to be doing nicely. This is the sixth time she has applied carbolic acid to purge away imaginary sins.

Receiver For the Iron Hall.

INDIANAPOLIS, Aug. 24.—James F. Falley of this city has been appointed receiver of the Order of the Iron Hall. His bond has been fixed at one million.

WASHINGTON, Aug. 24.—The Department of State has news of an alarming character from Europe. United States Consul Johnson, at Hamburg, reports that he is advised officially by the government health officer of that city of the presence of Asiatic cholera there, and he has accordingly refused to issue bills of health to departing vessels. Consul Williams at Havre reports an epidemic of Asiatic cholera at that place, with many deaths and advises an inspection of the fast liner La Touraine. These facts have been promptly communicated to the health officers at Staten Island, and every precaution will be taken by them in the matter, especially in view of the fact that the epidemic has now reached two of the most important ports in Europe with which the United States has direct and rapid communication.

Cholera At Hamburg.

HAMBURG, Aug. 24.—The Correspondent states that there were 120 cases of cholera here yesterday and many deaths from the disease were reported. Several of the cases were true Asiatic cholera.

Newspaper reports differ widely regarding the number of cases of cholera in this city. The Nachrichten says that so far there have been 300 cases and 120 deaths, 65 deaths occurring yesterday. Several deaths have occurred at Altona. A thunderstorm passed over the city last night, making the weather cooler.

The ambulances of the city are insufficient to meet the demands made upon them through the outbreak of cholera. Yesterday 70 ordinary carriages were utilized for the conveyance of cholera patients. Thirty-five persons have died of cholera. Some of those have died within an hour after being stricken with the disease and all the others died within six hours.

Carnegie Must Yield.

CHICAGO, Aug. 24.—President Samuel Gompers of the American Federation of Labor is in this city. He says that he is confident that Carnegie will be forced to concede the demands of the men in the Pennsylvania mills. He admits that the battle will be a long and bitter one, but has no fears that the strikers will ultimately triumph.

HANGED THEIR LEADER.

SOLDIER IN TENNESSEE LYNCH BUD
LINDSAY.

The Entire District Now Under Military
Law—Commissioner Ford is Believed to
Have Been a Spy—A Scheme to Smoke
Out the Miners Not Yet Arrested.

COAL CREEK, Tenn., Aug. 23.—"Bud"
Lindsay, Deputy United States Marshal,
chief conspirator in this insurrection against
law and order, the man who placed a pistol
at the head of General Anderson and com-
manded him to surrender the fort after he
had gone among the miners under a flag of
truce, was hanged by the troops last night.
Soldiers who were sent here to uphold the
law and gather in the lawbreakers have
themselves become the chief spirits in the
work of wreaking vengeance in a lawless
way.

There have been threats of lynching
Lindsay ever since he was brought in a
prisoner yesterday. He is known to have
been the chief firebrand among the lawless
miners. To his inflammatory speeches are due
most of the acts of treason among themoun-
taineers who have waged war against the
Commonwealth of Tennessee.

Military law, though not proclaimed, is
practised here to-day. Within the circle of
the sentinels there is no individual free-
dom. Men come and go by sufferance of
the commanding officer, and passes must be
shown at every turn. Soldiers board the
trains as they come into the station and
subject each passenger to scrutiny. Arrests
without a civil warrant are made as far
away as Knoxville, 30 miles distant. The
bayonet is deemed process enough, and a
prick of the sword is duces tecum sufficient
for all practical purposes.

There were no services in either of the
two little churches yesterday. The Baptist
Church upon the hill was locked and
empty. The Methodist Church in the
valley was packed by a mass of sweltering,
suffering humanity, black and white, un-
kempt, frowsied, worn and anxious, which
made one think of a stockade in war times.
Two hundred and fifty prisoners are locked
up here, with armed pickets on every side.

Everything was quiet in camp yesterday.
There have been 25 or 30 new prisoners
brought in.

Labor Commissioner Ford is still under
arrest, and positive evidence has been ob-
tained that he not only aided and abetted

RUSSIA'S CHOLERA PLAGUE.

Three Thousand Deaths Yesterday—And
Nearly 7000 New Cases.

LONDON, Aug. 23.—The Standard's Ber-
lin correspondent says: "Since the hot
spell set in numerous cases of cholera have
occurred in various parts of Germany and
several persons have died of the disease in
Hamburg, but no cases of Asiatic cholera
have been reported."

A Paris correspondent says the heat
snapped a rail at the Bourget station yes-
terday, causing the telescoping of a train.
The driver and stoker of the engine were
killed.

A Vienna dispatch states that the heat
has caused numerous forest fires and has
injured the field crops, especially in Hun-
gary, but that the vintage prospects are
very fine.

A Madrid correspondent says that in the
majority of the provinces of Spain the
vintage prospects are very good.

A despatch from Teheran says: "Cholera
is increasing rapidly at Tabriz, where the
number of deaths has fallen to 60 daily.
The epidemic is still severe in the neigh-
borhood of Teheran. The vice-governor
and his wife died yesterday. Several
Europeans have died. The only trust-
worthy, independent estimate is that the
deaths number from 800 to 900 daily."

St. Petersburg, Aug. 23.—Official cho-
lera returns show 6891 new cases and 3313
deaths throughout Russia yesterday.

LONDON, Aug. 23.—Continental advices
report a large increase in the deaths and
prostrations owing to the extensive heat.
Military manoeuvres have been abandoned
at Vienna, and in many places business is
almost at a standstill. The water famine
is spreading owing to the drying up of
rivers and creeks.

T. P. O'CONNOR ON THE MINISTRY.

He Thinks That, on the Whole, Gladstone
Has Chosen Wisely.

LONDON, Aug. 23.—T. P. O'Connor, M.P.
for the Scotland division of Liverpool, in
an article in his paper, the Sunday Sun,
says:

"Most people not blinded by disappoint-
ment, agree that the new ministry is a very
good government. This misfortune was,
that there were only 36 places for 360 ap-
plicants. It is natural though inconsistent
that Mr. Gladstone should be bidden to do
a certain thing, and then be abused for do-
ing it. He has put in new blood and is now
assailed for giving young men undue im-

THE STRIKE AT BUFFALO.

IT IS NOW BELIEVED TO BE VIRTUALLY
OVER.

The Tied-Up Roads Have Loosened Their
Bonds, and Cars are Moving—If the
Firemen and Trainmen Don't Go Out
the Strikers are Bent.

BUFFALO, N. Y., Aug. 23.—If the
switchmen are to receive the support of the
trainmen, firemen, engineers or freight
handlers it would be a good idea for them
to get it right away. It won't be much
good to them unless they do.

The Buffalo railroads were doing a hum-
ming business Monday. Vice-President H.
Walter Webb of the New York Central
sent out more freight than his road has
handled on any day for four months.
On the Lake Shore, Erie, Nickel Plate and
Lehigh Valley work went on and the ab-
sence of Mr. Sweeney's switchmen was not
noticed.

The incident of the day was the strike of
60 switchmen of the Western New York &
Pennsylvania Railroad because "required to
handle freight from the New York Central
and the joining in of 30 car handlers employ-
ed upon the Leigh trestles. These latter
declare they will not seek re-employment
until the grievances of the switchmen have
been attended to.

The leaders of the various organiza-
tions connected with the railroads will meet in
this city probably Thursday. All have
been summoned. Grand Master Wilkin-
son of the Trainmen's Union is expected to-
day.

Grand Master Sargent of the firemen,
Sweeney of the switchmen and Thurston of
the telegraphers are already here. Clark of
the conductors will not reach here till Wed-
nesday, and Chief Arthur of the engineers
has not yet responded.

It is regarded as improbable that these
men will agree to a general strike, and the
situation therefore looks blue for the
switchmen, as the railways are rapidly get-
ting rid of freight accumulations, and with
the present military protection are not
grievously put about.

Prepared for an Emergency.

NEW YORK, Aug. 23.—It is understood
that Superintendent Byrnes has been in-
formed that trouble may be looked for in
connection with the railroads here at any
hour and that he has taken measures to
come with any disturbance that may occur.

A Queenston Man Found Dead Under Suspicious Circumstances.

QUEENSTON, Ont., Aug. 23.—John Ryan, aged 63, was discovered dead in bed Sunday morning. Ryan, who is an old Union soldier, had been on a drunk for several days. His life had been threatened on Saturday, so rumor says, and Charles Wadsworth took him to his house, where he went to bed. He was not seen until the morning, when he was found dead.

The body was buried in great haste Sunday afternoon, so it is alleged. There is considerable mystery regarding his death.

Sir John Abbott's Health.

MONTREAL, Aug. 23.—One of the Conservative leader's sons, Mr. Jack Abbott, said yesterday that the Premier had taken the train for Quebec, where he intended to await the arrival of his own yacht, which had been taken down to the ancient capital by Mr. William Abbott, and from thence the promised trip to the lower St. Lawrence will be immediately undertaken. "All that I can say is," added Mr. Abbott, "that my father is completely tired out, and has been ordered away from the cares of state. I have no fear, however, of the ultimate result, for I believe that absolute rest for three or four weeks is all that is required to bring him back to the vigorous discharge of his duties at the capital."

A C.P.R. Smash.

OTTAWA, Aug. 23.—A smash-up occurred a few miles from Avonmore on the Ontario and Quebec division of the C.P.R. yesterday morning. It resulted in the death of a brakeman named James Woods of Smith's Falls and heavy loss to the company. A freight train going east had only passed Avonmore a couple of minutes when it crashed into another freight train coming in an opposite direction. The drivers and firemen on both engines jumped and escaped, but James Woods, brakeman, who was on the east-bound train, was between two cars when the trains met and was instantly killed.

The Borden Trial Postponed.

FALL RIVER, Mass., Aug. 23.—The courtroom was crowded yesterday at the preliminary trial of Miss Lizzie Borden. Many ladies were present. Thirty-two newspaper people, three of them ladies, were at the tables. Five of these were artists taking sketches. Bridget Sullivan and Mrs. Russell were on hand.

At the request of the Government the trial was postponed until Thursday. The postponement is generally regarded as a weakening on the part of the Government.

September 5 the Date.

ROCHESTER, N.Y., Aug. 23.—It has been definitely decided that the international double scull race between Hanlan and O'Connor and Hosmer and Gaudaur will take place at Ontario Beach. The date is fixed as Sept. 5. Hanlan and O'Connor are expected to arrive here by Wednesday and go into training.

Michael Brennan Dead.

HAMILTON, Aug. 23.—Michael Brennan of the M. Brennan & Sons Manufacturing Company, died yesterday. The cause of death was cancer of the stomach, from which deceased had suffered for considerable time past. Mr. Brennan was one of Hamilton's most prosperous business men, having been in business here since 1853.

Steamer Newfield Ashore.

OTTAWA, Aug. 23.—Mr. William Smith, Deputy Minister of Marine, Monday received the following despatch from C.A. Hutchen, the acting departmental agent: "The Government steamer Newfield is ashore a quarter of mile south of North Canoe light. The forehold is full of water. A northerly gale prevailing. Possibility of saving the ship."

Gabriel Blows Uncle Sam's Horn.

WINNIPEG, Aug. 23.—Gabriel Dumont, who was Louis Riel's lieutenant in the late halfbreed rebellion, is now an immigration agent of the United States and is endeavoring to get his countrymen to emigrate from this province.

A Train Robber Killed.

FRANKLINTON, La., Aug. 23.—Captain Eugene Bunah, train robber, while resisting arrest was killed by detectives near this place yesterday. Col. Hopgood, who was with Bunah, surrendered.

"Mr. Asquith's appointment, (Home Secretary) is especially criticized. Nevertheless, it is one of the best appointments. Mr. Asquith is one of the finest speakers in the House of Commons—certainly the finest in the ranks of the younger Liberalism, and we want a strong Treasury bench for the great fight we are entering upon—men able to hold their own with the Chamberlains, Goschens, Balfours and Churchills. Mr. Asquith's dazzling success is bound to create for him a rich harvest of jealousy and envy.

"Mr. Acland's appointment, vice-president of the Council on Education, has given unusual satisfaction.

"Arnold Morley has a difficult heritage in the postoffice, but I little doubt that his tenure of the office will be worthy of its best traditions.

"London is well represented in the Government, and the offices outside the Cabinet are well filled. Lord Rosebery, Foreign Secretary, is one of the strongest points in the Administration.

"We must all regret the exclusion of Mr. Labouchere. No man has done harder work for Liberalism. He was too old and true a friend of Home Rule in the days of stress, darkness and isolation to desire to defeat it now. It is a fatal policy for those interested in monarchism to allow a member's action with regard to the civil list to interfere with his official prospects.

"Before many days a royal commission will be announced to enquire into the situation of evicted tenants in Ireland. It would have been announced earlier but for the opposition to the Morleys in Newcastle."

SHE COMMITTED SUICIDE.

She Was a Gigantic Swindler and Took Her Own Life.

PARIS, Aug. 23.—Mme. Apparuti, formerly owner and editor of the fashion journal published at No. 7 Rue de Lille and for some time the female Worth of Paris, is dead in St. Petersburg. She was under arrest for manifold frauds.

Soon after her arrest she poured petroleum on her nightgown and set fire to it. She was severely burned, and was sent to the Evangelical Hospital for treatment. There a few days ago she clipped with scissors veins at the root of her tongue. She died on Tuesday.

About one hundred criminal charges were pending against Mme. Apparuti, and the Paris police were awaiting only her recovery from her burns to bring her from St. Petersburg to this city for trial. The amount which she was accused of obtaining by fraud was between 2,000,000 and 3,000,000 francs.

Death of a Famous Cardinal.

VIENNA, Aug. 23.—Cardinal Friedrich von Fuensteinberg, Archbishop of Olmutz, died to-day at Kriemsier in Moravia. The dead cardinal was a most intimate associate of Pope Pius IX., who wanted to make him a cardinal, but there was opposition, and he was not appointed to the college until 1878 by Leo XIII. The cardinal's house at Kriemsier is one of the biggest houses in Austria. It contains 300 rooms and a very valuable art gallery.

Sad End of One Who Once Wore the "Camicia Rossa."

ROME, Aug. 22.—A despatch from Viterbo, in the Campagna di Roma, 42 miles northwest of Rome, states that Sig. Marini, a rich proprietor there, has been murdered by brigands, who for some time past have been plundering in the country about Viterbo. Sig. Marini was one of the patriots who fought with Garibaldi.

Troops have been sent in search of the murderers.

Two New Peers.

LONDON, Aug. 23.—The Queen has elevated Sir Lyon Playfair to the peerage.

A Baronetcy has been conferred on Sir Julian Pauncefote, the British Minister at Washington, who is already a G.C.M.G., a K.C.B. and a K.C.M.G.

Ah On Board Lost.

CAPE TOWN, Aug. 23.—The British steamer Roma, from London for Brisbane, has been wrecked near Algoa Bay. It is feared everybody on board of her was drowned. Four bodies have already been washed ashore.

Gladstone and the Queen.

LONDON, Aug. 23.—Contrary to the general rumors, an authority familiar with everything that goes on at court says these were nothing to show Gladstone was not with the Queen and the Royal Household at the time of his visit to Osborne House.

about 700 soldiers were kept in the various station houses yesterday. Last night all the reserves were on duty.

Over on the Lehigh.

PHILADELPHIA, Aug. 23.—Reading officers consider that the strike of the Lehigh Valley is at an end. They say that trains are moving freely, and that they apprehend no trouble from firemen and engineers.

General Manager Seargeant Takes a Look Into the Future.

NEW YORK, Aug. 23.—L. J. Seargeant, general manager of the Grand Trunk Railway, speaking yesterday at the Windsor Hotel about the strike at Buffalo, said: "The only point on our road where any dissatisfaction has been manifested is at Toronto. Some switchmen there have presented claims that practically involve an increase of wages. As soon as I return I will give the matter attention. I believe in fairly discussing the question of wages with our employees. I also believe that the men should take a reasonable view of things and in presenting their claims to consider the possibility of meeting them."

"The Grand Trunk is in a position to keep its head above water, but it is not a rich corporation. The stockholders do not favor out-goings that tend to decrease the results. I do not anticipate any demand among our employees for more wages. Living is cheaper in Canada than in the States, and therefore the same conditions do not exist there as in this country. Our men, generally, are satisfied with their wages. Labor disturbances affect the public almost as much as the people directly involved."

"Looking into the future of the relations between capital and labor I think some means will have to be adapted for the settlement, speedily and satisfactorily, of all troubles that may arise. There should be some tribunal, not of a political but of a judicial character, and composed of honest and capable men, who will act fairly and impartially on the cases presented for their adjudication. There should be legislation with this end in view."

THE BORDENS TO MOVE.

They Desert the Old Mansion, and It Will Probably be Torn Down.

FALL RIVER, Mass., Aug. 22.—Emma Borden and John V. Morse are now making preparations to leave the old house where the murder was committed. It is in the locality inhabited by many of the best people of Fall River. The old house will be offered for rental, and if not rented will be torn down.

The sentiment in the city, which was early in the week arrayed on the side of Lizzie, has during the past few days rapidly drifted around and crystalized into a general support of the police. As additional evidence is put forth each day the belief is becoming forced on the city that the Government has a strong case.

THE C.P.R.'S PLAN.

It Is Arranging to Have a Share of World's Fair Trade.

CHICAGO, Aug. 23.—The Canadian Pacific will be the largest factor in foreign business to the World's Fair. Its plan, now nearly completed, will make it the largest railroad corporation in the world except the Santa Fe. It is well known that Canadian Pacific stockholders are advancing all the money of the so-called Wabash line between Chicago and Detroit. It will be the Canadian Pacific in everything but name, that means being deemed best to avoid international difficulties.

The Bride's Father a Little Too Late.

SHELBYVILLE, Ind., Aug. 23.—Miss Mill Glessner, daughter of Judge O. J. Glessner, eloped with Stephen Ellis last night. Ellis procured a marriage license and carried Miss Glessner away in a buggy to a parson's, where they were married. They appeared at the depot and purchased tickets for St. Louis, but while waiting their train the judge, who had heard of the elopement, came down the street in hot pursuit. The runaway was on guard, and on his approach started east aloft, but were overtaken two blocks away. After convincing the irate father that the ceremony had been performed the train were permitted to renew their wedding tour.

One More Unfortunate.

WALLAND, Aug. 23.—The adjourned inquest into the death of the girl Mann, whom it was supposed died from criminal abortion, was concluded in Wallandport before Coroner Campbell on Saturday, and a verdict that the girl had died of peritonitis rendered. There was no evidence produced implicating Mr. Fred Weidman, but it was admitted by the mother of the deceased girl that she had asked \$300 to keep the scandal quiet, but he refused to pay it.

MR. HAGGART TALKS.

The Minister of Canals on the Retaliation Question.

OTTAWA, Aug. 23.—Very little except President Harrison's canal proclamation is discussed here.

The Cabinet meets to-day, but the canal dispute will likely not be discussed in the absence of the leading members of the Ministry.

"My own opinion is," said Hon. John Haggart, Minister of Railways and Canals, "that the policy of the Government will be to place the Canadian shippers on the same footing as the American shippers, even if they have to reconp them out of the public treasury."

"I have heard nothing of the proclamation beyond what I have seen in the press. I see that the President has fixed the tolls at 20 cents, the same as is now placed on the Welland, and that they will only remain in effect during the time we continue this alleged discrimination. Long before this we saw that it was in our interests to push ahead the Soo Canal so as to have a line of navigation between the great lakes and our own territory. Instructions have been given out to carry on and complete the work as soon as possible. Work will be carried on night and day, until that is accomplished. I think that by the end of next summer we will have a system of navigation of our own connecting Lake Superior far better than the American's. We will have a lock 900 feet long and 60 feet wide, which can hold a whole tow and make lockage in one half the time it can now be done on the American side."

Sir Henry Tyler Talks.

NEW YORK, Aug. 23.—L. J. Seargeant, general manager of the Grand Trunk Railway, in referring to the retaliation of the American Government in the ship-toll controversy, said yesterday: "There should not be any restriction on the free transportation of commerce either way between this country and Canada. The interchange should be as free on the canals as on the railroads. The Grand Trunk road built a tunnel costing over \$3,000,000 under the St. Clair River to encourage an interchange of traffic between the two countries and the project is a great success. I should be sorry to see any restrictions placed upon the free passage of goods through this tunnel, as it is of great benefit to both Canadian and American shippers." Sir Henry Tyler of London, president of

FARMERS AS ROBBERS.

A WELLS-FARGO CAR RANSACKED BY A QUARTET OF GRANGERS.

Although New At the Business of Holding-Up Trains, the Robbers Did Their Work Well, Only They Captured the Wrong Train and Had a Leaky Man in the Gang.

WICHITA, Kan., Aug. 23.—The St. Louis and San Francisco east-bound passenger train, which left here at 10.30 last night, was held up and the Wells-Fargo Company's express car robbed by four masked men near Augusta, Butler County, about midnight. Before 9 o'clock this morning the outlaws were captured with part of their booty.

As the train slowed up at the Santa Fe crossing, a mile east of Augusta, two masked mounted the locomotive from either side and covering the engineer and fireman with guns ordered them to stop the train. When the train came to a standstill two other members of the gang, who had been in hiding, began to uncouple the express car.

As soon as this was done the engineer was forced to pull out with the car a mile distant from the rest of the train. While two of the highwaymen watched the locomotive crew, the others went to the express door and demanded admittance, and by way of emphasizing their demands, commenced shooting through the sides of the car, in which were Express Messenger Shipp and a baggage man. The imprisoned men soon gave in.

The Wells, Fargo Company has just taken hold of the Frisco line and their men have not yet received their complement of arms. Accordingly the express messenger had nothing with which to defend his car save a small revolver.

Shipp was forced to open his safe and the robbers ransacked it, getting between 15 and 20 packages of money. The whole thing was over in 30 minutes, and the highwaymen left the train, firing a few parting shots at the receding locomotive, which, however, hit no one.

The outlaws did not attempt to rob the passengers, and few of the latter knew anything of the situation until all was over.

How much money was secured cannot be ascertained, but the amount probably did not exceed \$3000, as the train is made up at Barton, 20 miles west of here.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Cud, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Crocodon,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying the loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOE,
Conway, Ar.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

RATTLERS KILL TWO WOMEN.

Awful Encounter With the Deadly Reptiles on a Huckleberry Mountain.

COUDERSPORT, Pa., Aug. 23.—The details of a horrible encounter with rattlesnakes in which two women were killed by the venomous reptiles has been brought here by a commercial traveler from Gold, a village of this county. Several days ago Mrs. Jacob Nevins, Mrs. Sarah Harmon and three or four other women and their husbands went upon the mountains near Gold to pick huckleberries. Mrs. Harmon sat down to pluck the fruit by the side of a rock. A large rattler unseen by her, which lay on the rock, struck the woman on the jugular vein, causing a considerable rupture. She screamed, but bled to death in half an hour. While assisting Mrs. Harmon, Mrs. Nevins was bitten twice on the leg and once on the hand by another rattlesnake and died five hours afterward. The men in the party came to the rescue from nearby, gave the women whiskey, but to no purpose. They then killed seven huge rattlesnakes within a few yards of where the fated women were bitten and the whole party left the mountain in terror.

TALMAGE CAPTURES BIRMINGHAM.

Even in Brooklyn He Never Received Such an Ovation.

BIRMINGHAM, Aug. 23.—The Rev. Dr. Talmage addressed the largest assembly that ever gathered in Birmingham. The Town Hall was packed with an audience of 8000 persons an hour before the services began and outside there were 30,000 more people, whom Dr. Talmage addressed from his carriage after the services in the hall.

On the way back to his hotel Dr. Talmage was informed that 10,000 persons were still waiting on the other side of the Town Hall to hear him. Dr. Talmage immediately returned and briefly addressed them, and an immense crowd, estimated to number 20,000, then sang, "Praise God from whom all blessings flow."

The main doors of the hotel had to be bolted against the surging crowd which ran ahead of his carriage.

A Monument To the Unknown.

WESTVILLE, N.S., Aug. 23.—There have been deadlier explosions in Nova Scotia since the Drummond explosion of 1873, but none so terrifying to those who witnessed it. Opposite Clare Park, the seat of Mr. Charles Fergie of the Drummond colliery is Drummond Park, some eight acres in extent, the gift of the company to the people of Westville. In a corner of the park there is traced off a plot 25 feet square. In this plot are interred the bones of over 50 victims of the explosion. So dreadful was the havoc that the remains of a large number could not be identified. Failing to be recognized by friends the remains were put into one common burying ground. To mark the spot where the victims lie buried a handsome monument, probably the handsomest in the province, has been erected by the employees of the colliery assisted by the owners. The monument was unveiled on Saturday afternoon. Mr. Thomas Hale, chairman of the committee, recited the steps taken in the matter. Short addresses were delivered by Mr. John McDougald, M.P.; Mr. Roderick McDougald, cashier of the company; Mr. Charles Fergie, manager, and Mr. R. Drummond. Letters of apology from Sir John Thompson, Hon. Mr. Tupper and Mr. D. C. Fraser, regretting their absence were read and a telegram from Mr. R. Dickie, M. P., announcing that he had missed the train. The monument stands 16 feet high and has the names of all who perished engraved on it.

Scarcity of Binder Twine.

WINNIPEG, Aug. 23.—A shortage of binder twine is causing dangerous delay in harvesting. One hundred binders in Portage district were idle Monday for want of twine.

Asleep on the Track.

WINNIPEG, Mann., Aug. 23.—Three Russian railroad laborers who had tramped from Medicine Hat to Regina fell asleep on the C.P.R. track near Regina. A passing freight train killed one of them and injured two others.

Italian Behring Sea Commissioners.

ROME, Aug. 23.—Marquis Visconti Venosta, ex-Minister and Senator, has been appointed Italian member of the Behring Sea Arbitration Commission.

Butler County, and it seems, was expected. Sheriff Nipp of Cowley County, had been informed early in the week by a fifth man of the gang that such a scheme was on foot.

While Nipp could not discover exactly when the robbery was to take place he had posess in waiting, and as soon as he got word of the hold-up pounced on the outlaws.

The robbers are now at holding up trains, but they did their work like professionals, and the only mistake they made was in capturing the wrong train, as, had they robbed the westbound Frisco instead of the eastbound at so short a distance from point of departure, they would probably have secured a large amount of booty.

Wedding.
Smith & Bros. say mean when they sell a marriage license or a wedding ring. They make their own wedding rings from the coin, therefore guarantee the quality. Our prices are right. Give us a call. Smith & Bros.

A Constipation.
GENTLEMAN, —My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life. MRS. ADELAIDE CRITCHER, Baldwin, Ont.

Local Option.
This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for Dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town.

A Proper Vineyard.
We do not know just how the ancients cultivated their grapes and trained the vines, but a visit to the garden of Mr. Dennis Daly, Piety Hill, will show one way of doing this, and a very effectual and pretty method. Just now the vines are loaded with grapes, and are all the more worth looking at, especially if anyone wishes to get a "wrinkle" in this direction.

How They Come Upon Us.
During the green-apple season, cramps come upon us like a thief in the night, and remain with us until the nearest physician is called in, or the pain is driven away by a dose or two of Perry Davis' Pain Killer, the celebrated cure for all summer complaints, from simple cramps to the most aggravated forms of cholera morbus or dysentery. No household should be without the Pain Killer, unless there is a drug store next door. Every reputable drug store sells the medicine. Only 25c. New large size.

C. C. RICHARDS & Co.

Gentlemen,—For years I have been troubled with profusious sores upon my face. I have spent hundreds of dollars trying to effect a cure without any result. I am happy to say one bottle of MINARD'S LINIMENT entirely cured me and I can heartily recommend it to all as the best medicine in the world.

RONALD MCINNES.

Hotel, have thought it advisable to retire and remove from the city. This is another sample of how beautifully the N. F. is helping along Kingston.

—First shipments of Fall Carpets arriving at LAHEY and McKENTY'S.

—Another lunge of large proportions was captured by Signor d'Auria at Glen Island one day last week. It did not come up to the monster recently caught by him in that vicinity but is a nice catch just the same. It weighed a little over twenty-five pounds.

—Some exceedingly tall corn may be seen on Mr. Herring's vacant lot on Centre street, just north of the market. Some of it already measures about eight feet. It has only been planted a short time and people who have been watching it say they never saw anything like it.

—Last Friday's EXPRESS contained a small advertisement advertising the finding of a purse containing a sum of money. On Saturday Mrs. James Knox, of Deseronto, called and claimed the purse. This is only one of a thousand instances which go to show how thoroughly the advertisements in the EXPRESS are read.

—B. Dobson, B. A., principal of Picton high school, and bride, Mrs. M. E. Stinson were married on the 18th inst. Rev. Dr. McDairmid, pastor of the First Methodist church, performed the ceremony. The guests assembled around gorgeously arranged tables, laden with delicacies and served in recherche style. The presents were elegant and costly.

—The militia general orders in Saturday's Canada Gazette contained the following: No further appointments will be made of regimental paymasters or assistant surgeons from this date. In corps where there are two majors the junior will be held responsible for the duties of paymaster. Where there is only one major he will be held responsible.

—At the Belleville cheese board on Tuesday the ruling price was 94c, which was not accepted by many factories. 2,690 boxes were offered. J. T. Warrington bought 315 white at 92c and 50 colored at the same price. J. K. McCargar bought 50 colored at 92c. T. J. Murphy bought 160 white at 9 13/16. Hodgson Bros. bought 110 white at 9 13/16 and 75 colored at 9 13/16.

—The most wonderful thing that has happened in so long a time is the ride of young Frank Marsden, eleven years of age, from Kingston to Toronto on a child's iron high-wheel bicycle. The lad left Kingston on Tuesday morning and got into Toronto at ten o'clock Thursday, having been absent forty-six hours. He says that he rode every foot of the distance, only taking time for refreshments.

—This may work all right when there is no small boy in sight. An exchange says: "A lump of ginger bread or a ginger snap is a good barometer. When the air is moist, and there is a likelihood of rain within twenty-four hours, the surface of the gingerbread becomes sticky and the body itself quite soft, while when fair weather is to be expected the surface is dry and the body unyielding."

—Last Sunday morning Mr. and Mrs. Henry Goodwin and family started in their conveyance from their residence a short distance east from Northport to attend service at St. Gregory's church, Picton. When about four miles from Picton Mrs. Goodwin was suddenly taken ill, complaining first of a feeling of chilliness and then becoming unconscious. When taken from the carriage she was dead.

Have You Read

How Mr. W. D. Wentz of Geneva, N. Y., was cured of the severest form of dyspepsia? He says everything he ate seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write C. I. Hood & Co., Lowell, Mass.

The highest praise has been won by Hood's Pills for their easy, yet efficient action.

Holloway's Pills.

Indigestion, Stomach and Liver Complaints.—Persons suffering from any derangement of the liver, stomach, or the organs of digestion should be resolute to Holloway's Pills, as there is no medicine known that acts on these particular complaints with such certain success. Its peculiar properties strengthen the stomach, increase the appetite and rouse the sluggish liver. For bowel complaints it is invaluable, as it removes every primary derangement, thereby restoring the patient to the soundest health and strength. These preparations may be used at all times and in all climates by persons affected by biliousness, nervous or disordered liver, for flatulency and heartburn they are specific. Indeed no ailment of the digestive organs can

be cured so speedily and so completely as by Holloway's Pills.

—Mr. Fred Chipneck and family have returned to town after about seven weeks camping at Adolphustown.

Australian Statistics.

Divorce petitions in Victoria appear to be just twice as numerous, in proportion to the population, as in the mother country—a circumstance not surprising when the numerous grounds on which divorce is granted by the recent Act of the Victoria Legislature are taken into account. Generally speaking, the sexes are placed by this law pretty much on an equality, though in the case of adultery, as regards the man, the offence must have been repeated or committed in the conjugal residence, or coupled with conduct or circumstances of aggravation. Among the specific grounds of divorce also are desertion of a wife for three years; habitual drunkenness for three years on the part of either husband or wife. In the husband's case, however, the desertion must be accompanied by cruelty or neglect to provide means of support. Conviction of serious crimes also constitutes a ground on certain conditions. In order to enable them to continue their education at the best grammar schools two hundred scholarships have been annually awarded in the colony of Victoria since 1886 to the most clever and industrious pupils of state schools, selected in accordance with the results of competitive examinations, the conditions being that all must be under 15 years of age and in the sixth class. Each scholarship, according to the report of the Government statist, is of the value of £10, tenable for three years, on condition that the scholar attends at and obtains favorable reports annually from the authorities of one of the public grammar schools, one of the schools of mines, one of the agricultural colleges or some other school approved by the Minister. If the scholar does not live within three miles from the approved place of education, the Minister can allow him such sum as will cover his cost of transit to and fro, or may commute the scholarship for one of £40 tenable for one year. The holders of commuted scholarships at the end of a year may compete among themselves for renewed scholarships offered to 30 of the best students. In the following year these 30 students may present themselves for a further renewal offered to the best 15. The subjects for competitive examinations are stated to be, with an unimportant exception, solely those taught in state schools.

Skirt-Dancing in English Homes.

Skirt-dancing is an established fact in what is known as the "smart set" in London. I have seen lately accounts in American papers of Lady "So and So's" "large feet" and of Countess "This and That's" "heliotropic hosiery," but I went to an "at home" last week in a splendid house not many miles from Queen Anne's Gate, where at a given signal the pretty daughter of the house, a young lady in her first season, tripped into the middle of the big reception room and began a dance that for grace, abandon and high-kicking quite came up to the exalted pas seals of professionals of long standing. The girl's mother stood by, evidently proud and pleased to see her daughter display such agility, and as the dainty little white silk-clad feet flashed as high as her head this fide-fiele woman whispered to a man whose blasé and aristocratic face seemed rather less bored than usual, some questions evidently concerning this fair young creature's prettiness and airy grace.
—London Letter to Chicago Herald.

When and What to Read.

If you are impatient, sit down quietly and have a talk with Job.
If you are just a little strong-headed, go to see Moses.
If you are getting weak-kneed, take a look at Elijah.
If there is no song in your heart, listen to David.
If you are a policy man, read Daniel.
If you are getting sorlish, spend a while with Isaiah.
If you feel chilly, get the beloved disciple to put his arms around you.
If your faith is below par, read Paul.
If you are getting lazy, watch James.
If you are losing sight of the future, climb up to Revelation and get a glimpse of the promised land.—Golden Censor.

Boyle & Son.

Have decided to move into the store lately occupied by Mr. R. G. Wright in the Cartwright block, they will have a new front and newly refitted throughout. All goods now in stock will be sold out at a reduction so as to make it easier to move.

To Study Music Abroad.

Miss Eva Roblin and Mrs. Drewry, late of Napanee, have sailed for Italy. They propose taking up their residence in Milan and other musical centres so as to enable Miss Roblin to finish her musical education.

Think for Yourself.

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it?

Collegiate Institute.

Classes will be organized in the Collegiate Institute on Monday, 29th inst. It is most important that those who purpose attending during the coming year should be present on the morning of the first day. It is to be remembered also that there is no new class now entering at Christmas, consequently those who desire to begin High School work for the first time should come at once and start with the class.

W. S. S. Excursion.

The Western Methodist Sabbath School secured another success on Wednesday last with their annual excursion. Notwithstanding the rain in the morning, and the counter attraction of the A. O. U. W. excursion to Tweed, about 600 passengers got on the Rocket at Napanee, for Massassaga and Belleville and several more at Deseronto, and all expressed themselves more than pleased with the day's outing. We are glad to be able to say the receipts were entirely satisfactory.

Cheap Excursion.

The Steamer Hero will run a cheap excursion from Napanee and Deseronto to Kingston and the 1,000 Islands on Monday next Aug. 29th. Boat will leave Napanee at 8.30 a.m., Deseronto, 9.30, reaching Kingston at 1 p.m. where six hours will be given to see the city, do business, or witness the great bicycle race at 2.30 p.m. in which the fastest riders in America will compete. Those going to the park will have one hour there. Return leave Kingston at 7 p.m., reaching Napanee at 11.30. Tickets only 50 cents for this splendid trip.

Shirt Sale.

McAlister & Co. are making a stir in the shirt trade, and from the number they are selling we judge that almost every man in this community must be the happy possessor of at least one shirt. They are offering a Special Bargain in Negligee shirts this week. Their window is piled full of them, and the price to clear the lot has been placed at 75 cents each, for goods worth \$1.50 to \$2.00. This particular lot was bought at a big sacrifice from a large manufacturer in Toronto, who is moving to Berlin, and rather than move the goods in stock sold them at less than half price.

Off for Rochester.

The Steamer North King will carry a cheap excursion to Charlotte, port of Rochester from Belleville and bay ports on Monday morning, September 5th, leaving Belleville at 12.30 a.m., and calls at Deseronto on her way up at 11.30 a.m., reaching Charlotte at 8 a.m. Gives fourteen hours there or in the flower city. Returns same night or following Saturday night to place of starting, or to regular north shore ports any day of the week. Round trip from all bay ports \$2.

Rural Dean Baker, of Bath, will preach on the 4th in St. John's Church, Selby, morning and evening. An interesting feature of the morning service will be the Baptism of infants, including the incumbent's infant son. The Church will be suitably decorated with grain, fruit, flowers, &c.

Address and Presentation.

On the evening of the 18th August about fifty Tamworthites assembled at the residence of Mrs. C. S. Wheeler and presented her with an easy chair, on the occasion of her removal to Kingston, her husband having secured a position there. The presentation was made on behalf of the Methodist Sabbath School in which she was an efficient teacher, and a pleasing address was read by the Rev. Mr. Joliffe. Mrs. Wheeler, who had been seated in the chair, made a very suitable reply, expressing her heartfelt thanks for the gift and the kindness shown.

Another Drowning Accident.

Monday afternoon, about four o'clock, a young lad of about eight years, named James Arthur McGowan, was drowned off one of the docks here. He appears to have been playing by himself at the time and fell from the dock into the river, where the water was about twelve feet deep. Another lad, named Plumley, near by saw him and got a stick, intending to reach it down to him to catch hold of, but when he found the stick was not long enough he ran home to tell his parents, who live some distance away. It was nearly an hour before the body was recovered by Mr. John Hearn, who fished it out with a pike pole, and it was then too late to resuscitate him. Deceased lived with his grandmother, Mrs. Burnes. His mother is a widow residing in Kingston. His father was killed by an accident at Ernestown about three years ago. On informing his mother of the accident they first telegraphed her that the boy was sick, and when she received the sad news at the station she fainted away.

Broke His Neck.

On Thursday, about 12 o'clock Duncan Secord Vandalstine, a well known figure on the Napanee streets, was found with his neck broken in the yard of Mr. John Girven, a farmer living about 4 miles west of the town on the York road. He was employed by Mr. Girven, and daily drove the milk wagon to Gerow's cheese factory, Clarksville, passing through town en route. Thursday morning he returned from the factory as usual, and as he was driving into the yard called out to Mrs. Girven to have a fire on as he was very cold. Mrs. Girven prepared the fire and waited some time for him to come in. Thinking he was gone rather longer than necessary she sent her little daughter, Maud, out to see what was keeping him and she returned in a few minutes saying that Secord was lying on the ground with his head bent back under his body. Mrs. Girven immediately went out and found him as the little girl had stated, and with the lines in his hands, the horses having stopped when he fell off. The accident was caused by driving on a hay rack which was standing in the yard, and which tipped the rig causing the chair he was sitting on to slip and throw him off. On examination it was found that his neck was broken, and that he died instantly. He leaves three sons and two daughters.

The A. O. U. W.

To the uninitiated these letters may have no particular significance. But their meaning is harmless, and the order of which the letters make initials has been of incalculable benefit to the widow and orphan of this continent. The Ancient Order of United Workmen is one of the best and cheapest of life assurance societies, and readers of the EXPRESS who desire cheap and safe life assurance may securely join this noble order. On Wednesday last the friends and members had an excursion to Tweed, the rapidly growing village on the C.P.R. in Stoco township, over the Bay of Quinte Railway, the popular manager, Mr. Sherwood, being of the party. There were not a great many boarded the train at Napanee, but as the different stations along the route were stopped at, the cars soon filled up, and a very respectable crowd of excursionists thronged the streets of Tweed when the train arrived at its destination. The 47th Battalion Band accompanied the crowd and kept the party merry the whole day. The beauties of the "back country," its lakes and hills, and lovely camping spots, were admired from the car windows, and Stoco lake, on the borders of which the party "picniced" was declared "as pretty as a picture." In different ways the party enjoyed itself during the day, and returned home satisfied with the outing. Tweed and the surrounding country, and the lakes passed before reaching Tweed, deserve more than this passing notice; but to all who have explored the beauties of the Bay of Quinte, and visited the 1000 Islands often enough to feel satisfied, we recommend a trip along the Bay of Quinte road, with a stop over at places of interest, such as "Beaver" and other lakes. The inland waters of the counties will then be acknowledged as equal in beauty and picturesque effects to the loveliest bits of the Bay and Islands.

A Large Monument.

Mr. V. Koubert, Napanee, has erected a monument in the family plot at Tamworth, to the memory of the late Root Lockridge and his wife, also his son, Dr. Lockridge. The monument is twenty two feet high and seven feet square at the base and weighs seven tons. With foundation it weighs twenty two tons, and its total cost was \$2,000. Mr Koubert also erected a very handsome monument in the Picton cemetery to the memory of Mrs Bowerman, wife of Dr. A. D. Bowerman. Dr. Bowerman in a note thanks Mr Koubert for the satisfactory manner in which the work was done and to the courteous dealing which he received at his hands.

Morven Harvest Dinner.

The Annual Harvest Dinner of Morven took place as announced in Mr. James Fraser's Grove on the 17th inst. and proved to be a decided success notwithstanding the busy harvest time. About 12.30 the sound of many voices was heard echoing through the leafy temple as the large concourse of people sang, "Be present at our table Lord" and was speedily followed by the sound of two hundred knives and forks, which seemed to say, "Eat, drink, and be merry for Morven always gives the worth of our money." The tables were again filled. The large company assembled before the platform at 2.30 p. m. and were treated to an interesting and varied programme. The chair was occupied by Mr. Madole, Napanee, who filled it with marked ability, and delivered a very excellent opening address. Many thanks to Rev Shorey and Rae for their pleasing and profitable addresses; to the comic singer and reciter, Mr. Tooker; to our own choir for their excellent music; to our energetic A. A. society; to all the other ladies and gentlemen who assisted so willingly to make the dinner a success; to Mr. James Fraser, for the use of his grove. The proceeds amounted to about \$125.

Meacham, while en route to England, and to enjoy the scenery of the Bay of Quinte. Mr. Sale went from here, with Rev. Dr. Meacham, to pay a visit to Mr. J. C. Wilson, at Glenora; Mr. Sales stay there was to have been very brief; he became so charmed, however, with Glenora and its surroundings, that the days lengthened into weeks, and the denouement of it was that on Tuesday, a wedding took place at Napanee, Mr. Sale being married to Miss Mary Maud Rose, daughter of W. A. Rose, Esq., of Napanee, by Rev. Dr. Meacham, assisted by Rev. S. J. Shorey, and on that day the happy couple left for England. Miss Rose was a guest of Mr. F. Wilson, when Mr. Sale arrived at his father's. It was a case of "love at first sight," and the weeks that have intervened deepened the attachment. Mr. and Mrs. Sale will return to Napanee from England in the fall, and from here will proceed to Japan.—Belleville Intelligencer.

Take Your Ease.

The Napanee Agricultural Works have this week been favored with a number of orders for their Monarch Riding Plows from people who have witnessed how good work their neighbors are doing with this plow. In many instances the Monarch Riding Plow is ridden and operated by very young boys. It can be handled by all kinds of work that the walking plow does, in first class shape. The low price at which this plow is being sold meets the approval of farmers desiring a plow which does the different kinds of work perfectly Mr Herring expects to turn out a large number of plows this season.
